Our Strengths

We believe the following are our principal strengths:

Experienced, highly motivated and dedicated management team

We have an experienced, highly motivated and dedicated senior management team, with significant experience in the banking, financial services, consultancy and infrastructure sectors. Our new and dynamic senior management team has already implemented a number of changes in the Company for steady growth of the business. One of the changes was to diversify our lending focus to become sector agnostic and lend with a focus on good quality collateral asset.

Institutional philosophy of prudent risk management controls through streamlined procedures

We maintain healthy and high-quality loan asset portfolio in synchronization with our institutional philosophy of lending against

security, which we call asset backed lending. We have instituted prudent and comprehensive risk management controls, policies, and procedures that are critical for the long-term sustainable development of our organization. Our Risk Management Committee which is a Board level committee oversees and monitors the overall credit risk management framework. Our credit risk governance framework comprises of primarily three-units, (i) our business teams, that generates lead; (ii) the credit risk unit, that independently manages the risk, provides policy guidance, performs credit analysis, risk reporting and credit monitoring. Our credit risk unit comprises of various sub-units, such as credit underwriting, policy unit and portfolio monitoring unit, which are responsible for management of credit risks; and (iii) the internal audit unit, which independently assesses the design and operational effectiveness of the entire credit risk management framework. Our credit risk governance framework incorporates the requirement of senior management and credit committee approval, with built-in escalation matrices at pre-defined credit thresholds, which enables us to ensure that high-ticket advances are sanctioned by our senior management. We have implemented enterprise-wide loan management system, OmniFin, which provides single platform operational support such as risk management, documentation management and customer service and consequently aids our decisionmaking. We have integrated OmniFin with services of third-party credit assessment service products, Perfios - Insight to increase the operational efficiency of loan disbursement and risk assessment processes. We believe that our streamlined credit risk governance framework and loan management system have contributed to our operational efficiency and enhances our ability to take prudent credit decisions.

Our Strategies

Focus on Emerging Corporate / SME segment borrower category:

Emerging corporates and SME players add to the growth story of India. As part of Portfolio diversification strategy, your company intends to lend to this segment which is fast growing and provides a healthy Portfolio on Company's balance sheet. Your Company's management has decade long experience in Financial services and understands this segment so as to lend judiciously.

Further strengthening credit assessment and risk management procedures: In line with our institutional philosophy of implementing prudent risk management controls, we continuously endeavor to strengthen various aspects of our credit and risk management, including credit assessment and due diligence procedures for appraisal of the borrower's credit worthiness and mitigation of the credit risk. We are committed to efficiently maintain healthy and high-quality loan asset portfolio. In relation to origination and appraisal of our advances, we propose to continuously review and upgrade our credit risk governance framework, including enhancing our resources. In addition, we have integrated our loan management system, OmniFin with services of third party credit assessment service products, such as Perfios - Insight, which we believe would increase the operational efficiency of loan disbursement and risk assessment processes. Leverage on the relationship and experience of our senior management for business growth: We intend to continue growth at a stable but steady pace. Therefore, instead of focusing on opening of new branches, we wish to leverage the experience and business relationships of our senior management to grow our business. Our new senior management has a diversified track record that can help us identify suitable customers across industries which meet our risk appetite. We also believe our senior management's acumen of the market trends, demands and industry developments, would enable us to adapt and take advantage of market opportunities.

RISK MANAGEMENT

Risk management forms an integral part of Company's business. As a NBFC, the Company is exposed to various risks related to its lending business and operating environment. The objective is to evaluate and monitor various risks that the Company is subject to and follow stringent policies and procedures to address these risks. Effective risk management forms the core of our business. Our credit risk management process encompasses astute underwriting, structuring & regulatory checks, coupled with appropriate credit & approval delegation & monitoring of the portfolio at regular interval. Our team of seasoned professionals continuously monitor risk and suggest early measures to control risk at minimum level. We have also established effective risk management systems, policies & internal controls to address various other types of risk viz operational risk, liquidity risk, market risk, compliance & regulatory risk. Our focus on developing sector expertise across our products segments helps us constantly monitoring event risks. The Company's Risk Management Committee assists the Board in addressing various risks and discharges duties relating to corporate accountability. The Risk Management Committee reviews the effectiveness of risk management systems in place and ensure that they are effectively managed. It also provides an independent and objective oversight on corporate accountability and risks and considers reports of the Audit

Committee on all categories of identified risks.

POSSIBLE THREATS

Our Industry has faced certain challenges in the period under review, related to Liquidity and defaults by Large Companies, therefore there may be significant roadblocks to the growth of the Company in shorter term. Default and delay by a number of large and small established financial companies is likely to cause certain short-term variances and may make it difficult for the Company to raise debt in near future. Even the fall in Interest rates have not boosted the Liquidity for NBFCs, and there has been instances of Rating downgrades of NBFC and certain Housing Finance Companies, of which Reliance Home Finance is the recent example. Changes in interest rates are expected to have significant impact on the Company's business and operations. Finance costs are dependent on various external factors, including Indian and global credit markets and, in particular, interest rate movements and adequate liquidity in the debt markets. Changes in RBI repo rates could affect the interest charged on interest-earning assets and the interest rates paid on interest-bearing liabilities. Adverse conditions in the global and Indian economy resulting from economic dislocations or liquidity disruptions may adversely affect availability of credit, and decreased liquidity may lead to an increase in interest rates. Despite recent push by the RBI, the resolution of stressed assets in the system is likely to take more time. Also, the effect of various loan waivers on credit culture in the rural areas is still to be seen. Your Company acknowledges these possible negative factors and has a plan to mitigate them through its deep domain knowledge, strong risk framework and an efficient collection mechanism under the stewardship of the management team.

Information other than the financial statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management discussion and analysis, Board's Report including annexure to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statement does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's board of directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the AS and the other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that are operating effectively for insuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain a reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue our report that includes our opinion. Reasonable assurance is a high

level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise due to fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.

Obtain an understanding of the internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained upto the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statement, individually or in aggregate, makes it probable that the economic decision of reasonable knowledgeable user of the financial statement may be influenced.

We consider quantitative materiality and qualitative factors in (i) Planning the scope of our audit work and in evaluating the results of our work; and, (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonable be thought to bear on our independence, and where applicable, relevant safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, or when in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonable be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2016 ('the Order'), as amended, issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the order, to the extent applicable.

The Company is a non- banking financial company not accepting public deposits and holding certificate of registration no- B-14.02359 dated 23rd March, 2001 from Reserve Bank of India has been issued to the Company.

ANNEXURE- B TO THE AUDITOR'S REPORT**Report on the Internal Financial Controls under Clause (i) of Sub- section (3) of Section 143 of the Companies Act, 2013**

We have audited the internal financial controls over financial reporting of STELLAR CAPITAL SERVICES LIMITED as on 31st March 2019 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for the Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Control over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of fraud and errors, the accuracy and completeness of accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the Guidance Note) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013 to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material aspects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial control system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidences we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that: -

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and the receipt and expenditures of the Company are being only in accordance with authorizations of management and directors of the Company; and

(3) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and could not be detected. Also, projections of any evaluation of the internal financial control over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material aspects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2019, based on "the internal financial controls over financial reporting criteria considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India".

New Delhi, the 30th day of May 2019

1. Basis of preparation of Financial Statements

These financial statements have been prepared to comply with the Generally Accepted Accounting Principles (Indian GAAP), including Accounting Standards notified under the relevant provisions of the Companies Act, 2013.

The financial statements have been prepared on accrual basis under the historical cost convention. The accounting policies not specifically referred, are consistently applied from the past accounting periods.

2. SIGNIFICANT ACCOUNTING POLICIES

a. Use of estimates:

The preparation of financial statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognized in the period in which the results are known/ materialized.

b. Revenue Recognition:

Revenue is recognized to the extent it is probable that the economic benefits will flow to the company and that the revenue can be reliably measured.

Revenue from sale of goods is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer. The company collects GST on behalf of the government and, therefore, these are not economic benefits flowing to the company. Hence, they are excluded from revenue.

c. Property, Plant and Equipment:

Properties, Plant & Equipment are stated at actual cost less accumulated depreciation and net of impairment. The actual cost capitalized includes material cost, freight, installation cost, duties and taxes, eligible borrowing costs and other incidental expenses incurred during the construction/installation stage.

The Company has chosen the cost model for recognition and this model is applied to all class of assets. After recognition as an asset, an item of PPE is carried at its cost less any accumulated depreciation and any accumulated impairment losses.

Depreciable amount of an asset is the cost of an asset less its estimated residual value.

Depreciation on Property, Plant and Equipment, including assets taken on lease, other than freehold land is charged based on Written down method on an estimated useful life as prescribed in Schedule II to the Companies Act, 2013. The useful life of assets taken into consideration as per Schedule II for the purpose of calculating depreciation is as follows: -

d. Valuation of Inventories

Inventories include investments in shares of other companies. The company classified such investments as inventory and valuation of them has been made at cost or market value, whichever is lower.

e. Cash Flow Statement:

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature reported amounts of assets and liabilities on the date of financial statements and the reported amounts of revenues and expenses during the reported period.

f. Cash and cash equivalents:

Cash comprises cash on hand and demand deposit with banks. Cash equivalents are short term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into loan amounts of cash and which are subject to insignificant risk of changes in values.

g. Accounting for Taxes on Income:

Income Tax: -

Tax expense comprises current tax and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the income tax Act, 1961 enacted in India and tax law prevailing in the respective tax jurisdictions where the company operates. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the reporting date.

Deferred Income tax: -

Deferred income taxes reflect the impact of timing difference between taxable income and accounting income originating during the current year and reversal of timing difference for the earlier year. Deferred tax is measured using the tax rate and tax laws enacted at the reporting date. During the year DTA has been created on timing difference between depreciation.

Deferred tax liabilities are recognized for all taxable timing difference. Deferred tax assets are recognized for deductible timing difference only to the extent that is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situation where the company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits.

Minimum Alternative Tax (MAT): -

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The Company recognizes MAT credit available as an asset only to the extent that it is probable that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The Company reviews the MAT Credit Entitlement asset at each reporting date and writes down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period.

h. Provision

A provision is recognized when the company has a present obligation as a result of past event, it is probable that an outflow of resource embodying economic benefits will be require to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are review at the end of each reporting date and adjusted to reflect the current best estimates.

i. Contingent Liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

j. Earnings Per Share

Basic earnings per share is computed by dividing the profit / (loss) after tax (including the post-tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year.

Diluted earnings per share is computed by dividing the profit / (loss) after tax (including the post-tax effect of extraordinary items, if any) as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares.
